

# CHECKLIST FOR INDIVIDUAL STUDENT INTERNATIONAL TRAVEL

Wheaton College students participating in international academic experiences such as internships, student teaching, research, or international vocational practicums must complete an application on GoGlobal and be approved by the College. All international academic experiences should be vetted and supervised by a College faculty or staff member and approved by the Global Programs and Studies (GPS) office. Supervisors or advisors facilitating *Individual Student International Travel* should contact GPS if an on-line ([www.goglobal.wheaton.edu](http://www.goglobal.wheaton.edu)) application has not been activated for their department.

This Checklist serves as a guide for both the student and the advisor to ensure all travelers comply with College requirements and protocols.
